\$2 Million+
saved in employee
benefit costs

Declining costs for
12+ years

Our Client

Private practice physician group with 40+ employees has been a HealthEZ client for 12 years.

Self-Funding Success

With a desire to reduce plan costs, reinvest in their business and offer their team a great benefits plan, this group made the switch to self-funding with HealthEZ. Over the past 12 years, HealthEZ has helped this client **save more than \$2 million* and reduce plan costs by 32%**.

With custom network and PBM strategies, effective cost control, member advocacy and stop loss coverage, self-funding is often what a small group needs to regain control of their benefits costs. Self-funding with HealthEZ is a powerful business strategy.

*Compared to fully insured, had the customer received a 5% annual renewal.

Business plans and benefit plans should work in harmony.

That's why we're here.
